KIT (Keep in Touch) Mail from OLLI at UCI

Monday, May 9, 2022

OLLI is participating in our second annual UCI GIVING DAY!

OLLI at UCI is a community of passionate lifelong learners engaging our minds and enriching our lives through education. As a member-led organization of active knowledge seekers, our collective purpose is to create meaningful learning experiences and social growth opportunities for our diverse member community. YOUR donation to the Osher Lifelong Learning Institute will support OLLI's ability to provide a lifelong learning program to intellectually curious, active adults.

Set your calendar for May 18th and support your OLLI by donating [here](#).

Check out the video created by our OLLI board members and edited by our VP, Steve Weinstein, [here](#).

Stay curious!

DAWN SPACE MISSION: Unlocking the Secrets of Solar System Formation

SC 213
Friday, June 9

NASA's Dawn Mission has explored the two largest bodies in the asteroid belt, orbiting Vesta in 2011 and Ceres in 2015-2018. It sent back spectacular images, revealing organic materials delivered by impacts from the outer Solar System on both bodies and discovering a briny sub-surface ocean on Ceres. Dawn has illuminated the effect of location in the proto-solar nebula on the composition and formation of planetary bodies and is profoundly changing our understanding of the genesis of our Solar System.

THE GETTY CENTER

An Unforgettable Experience

SE 409
Friday, May 20; 8:15 AM – 4:00 PM
Cost: \$55.00 (Includes admission, bus, and gratuity)

at University of California, Irvine

The Getty offers breathtaking views of Los Angeles from its perch on a hill just above Bel-Air. One of the most visited museums in the country, its works span the eighth through the twentieth century including European paintings, sculpture, decorative arts and a rich photographic collection against a backdrop of stunning pavilions and rotundas. Its heart lies in its ever-changing Central Garden. Meandering streams through a natural ravine, fountains, shaded sanctuaries and tree-lined paths create a feast of light and color that is truly unforgettable.

Director's Talk 1:00 – 1:45 PM
Matinee: 2:00 – 4:45 PM

This Tony Award-winning, modern classic is easily one of the most popular works of the Sondheim canon, and rightfully so. Through innovative storytelling, musical sophistication and dark comedy, the world's most popular fairy-tale characters are brought together to create a thought-provoking piece that challenges both our perception of life and "happily ever after". *Into the Woods* is especially relevant as we emerge from the isolation we have experienced during pandemic lockdown, serving as an encouraging reminder that "no one is alone".

Presenter: Don Hill, Director and Chair,
UCI Drama Department

Through a Wine Glass to Burgundy

SE 411

June 10, 2022
2:00 – 4:00 PM
Cost: \$40.00

Burgundy is one of Europe's oldest and most notable wine regions, producing both exceptional white wines (Chardonnay) and red wines (Pinot Noir). In this class, we will discuss the history and variety of wines from this region. We will taste samples from various subregions that demonstrate the influences that difference soils and climates have on the taste of these wines. We will make a geographical tasting tour of both Chardonnay and Pinot Noir growing regions.

Presenter: Dr. Alvin Glasky has been giving lectures and wine tastings at OLLI as well as UCI Extension for over 15 years.

Class Descriptions

Sound and space reflect people's perception of their world, both western and non-western. This course involves listening to various musical selections and viewing architectural spaces, both secular and religious. How do they reflect the historical context of their era? What values and concerns currently shape our space and music?

Presenter: Karen Linkletter, Ph.D., American History, retired Cal State Fullerton American Studies Department. Karen is the Research Director of the Management as a Liberal Art Research Institute, as well as a cellist who teaches and plays professionally.

ADVENTURES IN ECMO: Pediatric ECMO Program at CHOC (Session 1 of 2)

Monday, May 9
1:30 PM - 3:30 PM

ECMO became newsworthy with the COVID-19 pandemic. Extracorporeal membrane oxygenation (ECMO) is a life support system designed around a sophisticated pump and artificial membrane lung. It is deployed when ventilator support alone is no longer viable in cases of respiratory insufficiency. The bypass system is attached to the patient's blood stream by catheters as in hemodialysis, but the membrane lung allows continuous support for days and weeks if necessary.

Presenters: Lindsey Dornhofer, ECMO Specialist; Michele B. Domico, M.D.
