Your OLLI needs you!

Marketing Outreach opportunities are available.

The Fall 2023 semester will be the focal point of a massive membership drive by OLLI at UCI. We are tasked with increasing our membership from today's 422 to a minimum of 500 no later than June 2024. We are planning to have a new major advertising campaign to reach out to the community. We will have ads in the Irvine Senior Connection and the Answers Resource Guide for the Council on Aging. We have produced flyers which target UCI retirees, emeriti, and University Hills residents. In

addition, we will be promoting OLLI at the Irvine Senior Expo on Friday, August 25. Many of you have been helpful in the past, distributing catalogs around Orange County and manning the booths at Senior Fairs. We need you now!

If you are interested in helping OLLI in any outreach capacity, please let the OLLI office know by emailing us at: olli@uci.edu.

We'll be meeting mid-August to solidify our plans.

Our UCI chapter of OLLI has been invited to submit a capacity-building grant application for \$25,000 from the Osher Foundation. If approved, this money would be spent on advertising, both on social media and print. **We are actively**

searching for members who may have experience in grant writing, regardless of whether it is for non-profit or for-profit entities. The grant application needs to be completed by July 31.

Please contact the OLLI office at olli@uci.edu if you would like to help out with our Marketing Outreach opportunities!

SE 2
Hearing Loss and Aging
Monday, July 10
10:00 AM – 12:00 PM

Hearing loss is the third most common physical ailment in the United States, trailing only arthritis and heart disease. Approximately 15-20% of adults have some form of hearing loss, and by age 60, one out of three people have a hearing loss. We will discuss the various types of hearing loss, the impact of hearing loss on neurocognitive health and safety, and various ways to correct hearing loss.

Presenter: Dr. Harrison Liu, Associate Professor Otolaryngology, Board certified otolaryngologist and fellowship trained in otology, neurotology, and skull base surgery. Dr. Liu graduated with honors from Harvard University and received his medical degree from the University of Southern California.

Developer: Jessie Tromberg

SE 3
The Witches and Witchcraft of 16TH & 17TH Century England: Did the Hysteria Affect the Pilgrims by Bringing It To America?
Tuesday, July 18
10:00 AM – 12:00 PM

Witch hysteria took hold of Europe in the mid-1400s when *The Hammer of Witches* (Malleus Maleficarum) was published. The book described witchcraft and prescribed witch extermination methods, including burning at the stake. It is argued to have established witch trials during the religious conflict between Protestants and Catholics. The hysteria did not end in Europe, did the pilgrims bring witch-hysteria to America?

Presenter: Helen Brooke, MBA, a 2022 graduate of the University of Durham, has a Masters in Medieval to Post-Medieval Archaeology, specializing in the English Civil War and Iconoclasm in Cathedrals (1642-1651). She will present from her classroom in the UK.
